SIR, THE LECTURE BY DR. KISHAN LAL ON THE NATIONAL SCIENCE DAY WAS VERY INFORMATIVE AND INTERESTING. IT WAS CRYSTL CLEAR AND SURELY MAY BE USEFUL TO SENIOR CLSS STUDENTS AS WELL AS SCIENCE FACULTY OF DELHI SCHOOLS. AS A SCIENTIST MYSELF , I WAS IMPRESSED BY HIS COOL PRESENTAION. I WISH THE SYNOPSIS OF THE LECTURE MAY BE INCLUDED IN DARPAN.

THANKS

K K NATHAN  
PRINCIPAL SCIENTIST  
IARI, NEW DELHI

Overall programme was fabulous as the National Science Day could not be celebrated better than this. Little bit technical improvements are required to control the functions in a better way.

Very nicely DSSTF technical team managed the National Science Day celebrated on the theme Future of science technology innovation impact on the future Education, skills, work etc. Dr. Krishan Lall delivered a lecture on the theme closely inter related to the existential reality. Grand lecture, congratulations to all involved. Keep it up and popularise science among masses. Thank you all.

The National Science Day was celebrated with a great success. The lecture presented by Dr. Krishan Lall FNA, Former Director NPL was very informative and motivational. Fundamental changes in metrology since 2019, IAP- The global network of science academies, A noval approach to set up a crystal growth laboratory were very interesting topics. Regards
